Carparking

Parking is prohibited in the treed area in the Northeast corner of the reserve (As indicated in the map). The organiser should utilise parking spaces available north to the oval. Most of the areas available on either side of Arthur Seats Rd reserve are currently restricted with No Stopping signs.

Waste Bins

11 x 240L General Waste wheelie bins are available on site.

Events should not rely on street litter bins as they cannot always be emptied prior to the event.

The event organiser must supply the appropriate number of bins for their event.

How to calculate how many bins are needed for your event:

If food and drinks are provided, in general 1 person will create 1L of waste.

Sample Event:

1,000 people = 1,000L of waste.

1 wheelie bin is 240L

$1000 / 240 = 4$ bins (2 rubbish + 2 recycling)

Equal number of each waste stream is required

All bins must be clearly labelled as appropriate

Important Information

- This space does not include any of the sporting ovals, courts, or clubrooms.
- Booking any of the three Pavilions will require an application for an Occupancy Permit (additional fees may apply).
- Each event booking at Red Hill Recreation Reserve needs to be authorised by the Shire Sports Clubs Team due to existing licenses with Cricket and Football Clubs. Your Event Permit Officer will liaise.
- The annual [Red Hill Show](#) utilises this site and requires an extended bump in & out surrounding Labour Day weekend.
- The [Hill and Ridge Community Market](#) runs on the first Saturday of each month between September and May. The site will be unavailable on these dates.
